Recommendations

Club Coach Dan Freveletti – "I have had the pleasure of coaching Kirsten Drabek for the past three years. From a coach's perspective, I am so thankful to have her as our shortstop. She is the quintessential shortstop as she is extremely talented and incredibly focused. Blessed with outstanding speed and an incredible arm, Kirsten's potential is through the roof. A highly respected teammate, Kirsten is a natural leader and a "go-to" for both players and coaches on and off the field. Kirsten is motivated to continuously improve. She has begun switch hitting and her left handed hitting and slapping is quickly becoming a potent weapon. Kirsten is the type of player any coach would be thrilled to have on their team at any level."
