

Rainout Notification

Always anticipate your game will be played as scheduled despite past, current or forecasted weather conditions. WAA does not cancel games just because the weather forecast indicates it is going to rain.

Notification of games cancelled due to unplayable field conditions will be made thru the

- Please go to the home page of the WAA website. www.waasports.org
- Scroll down the home page and on the right hand side under the Quick Links you will find the **WAA Rainout Line** tab.
- Click on the WAA Rainout Line and it will take you to all the field locations WAA is using.
- Scroll through the list to find your field. **Green** means "It's a GO", **Yellow** means "pending", **Red** means "Cancelled"
- The status of fields will be updated by **4:30pm** weekdays or as soon as we know about the playability of the field from the Park Districts or others. On weekends WAA will do the best we can to update the Rainout Line as soon as possible.

DO NOT CALL THE WAA OFFICE.

- **In some cases we may not know about the condition of the ball field/soccer field. In that case it is an at the field decision by officials and coaches.**

One feature of this system is you can receive email or text alerts when things are updated.

- All you have to do is download the free app.
- To sign up go to the page with all the field locations on it. On the left hand side click **email and Text Alerts** and follow the directions. You can receive information on all the fields or just the ones you are playing on, as updates happen.
